I have searched online to find a car dealer who sells [used cars in Norfolk](#) . I am looking to change my car but need full dealer facilities as I need vehicle finance. I am looking to buy a BMW Z4 with automatic transmission to use as a weekend car. However, I want to find a car dealer in Norfolk who can also service my 2nd car, do minor smart repairs and refurb the alloy wheels. I have a 2008 Ford Mondeo but I do not want to pay main franchise dealer prices. I am thinking of visiting Stebbings in Kings Lynn.
